

Job Title: Heating Oil & Propane Delivery Driver

Job Summary:

We are seeking a responsible and safety-conscious Heating Oil & Propane Delivery Driver to deliver fuel to residential and commercial customers. The ideal candidate must have a CDL with hazardous materials and tanker endorsements, a strong commitment to safety, and excellent customer service skills. This role involves operating delivery trucks, handling fuel transfer equipment, and maintaining accurate delivery records.

Key Responsibilities:

- Safely load, transport, and deliver heating oil and/or propane to customer locations.
- Operate delivery truck and fuel transfer systems in compliance with DOT, OSHA, and company safety standards.
- Accurately complete delivery tickets, meter readings, and customer receipts.
- Perform daily vehicle inspections and routine maintenance checks.
- Monitor tank levels and report any safety or equipment issues.
- Maintain delivery schedules while ensuring safety and efficiency.
- Communicate effectively with dispatchers and customers regarding delivery status or issues.
- Provide courteous and professional customer service.
- Follow proper procedures for handling and delivering hazardous materials.

Qualifications:

- High school diploma or GED.
- Valid Commercial Driver's License (CDL) – Class B or A with Hazmat (H) and Tanker (N) endorsements.
- Clean driving record and ability to pass DOT physical and drug screen.
- Previous fuel delivery or tanker truck driving experience preferred.
- Knowledge of heating fuel systems and propane handling (preferred but not required – will train).
- Ability to work independently and manage time effectively.
- Basic mechanical aptitude and attention to safety procedures.

Work Conditions:

- Must be able to work in all weather conditions.
- Requires physical activity including lifting hoses, climbing, and standing for long periods.
- On-call, evening, weekend, or holiday shifts may be required during peak season.
